

Minutes of the Committee's Telephone Conference of 10.4.2020

1. Status of Contributions
Of the 104 members, 54 contributions were received. Andreas will send a reminder to the 50 people who have not yet paid.

2. Energy Transition
Denise will have a student come for the next committee to deal with this issue (grants, global analysis, roof insulation, triple glazing, ski lift and summer tourism etc).

3. SA Tourisme Vercorin
 - On the administrative level, a collaboration between the cable-car and the Tourism Office is planned; Arthur Clivaz currently takes care of 30% of the Tourism Office.
 - Establishment of a service contract with the Municipality
 - Governance and joint management between the Vercorin – Crête du Midi cable-car, the Tourism Office and the Chalais - Vercorin cable car
 - Development of the Creux du Lavioz and the playground behind Virage Sport
 - Collaboration with the Marketing Company for Anniviers
 - Advantage notebook for R2 (Gianadda, swimming pool in the plain etc)
 - Invoices for the 2020 tourist tax will only be sent out in the autumn.
 - Work on the Tracuit - Mont Major chairlift will begin in 2021.

4. Development Society (DS, or SD in French)
There was a meeting between the Commune, the SA du Tourisme Vercorin and the Société de Développement. During this meeting, an agreement was reached that the DS should take care of events of a certain importance. The question of financing is still open. This is an ongoing process.

5. Petition Against the Relocation of the Village's Fountain
It is planned to move the fountain half a dozen meters to the left, in the corner between the village street and the street going down. This relocation is done in order to have more space for cultural events and to allow the square to be pedestrianised. The committee supports this approach and decides not to circulate the petition.

6. Tourism Promotion Tax

Jacques informs us that he has to pay a tourism promotion tax (about 140 francs) for the occasional rental of accommodation. However, art. 4, paragraph 4 stipulates that "All overnight stays subject to the tourist tax are included in the annual package price of the object, including occasional rentals". We will resume the discussion on this subject at the next committee meeting.

7. Next Committee

Two dates have been set: Friday, 22 May at 5 p.m. and Friday, 26 June at 8 p.m. In order to respect the distances, the meetings will take place, if possible, in the Salle Bourgeoisiale.

Cordially, and happy Easter

Andreas
